**Scanvec Amiable Announces the Release of the Driver and Availability of ICC Profiles for the Mimaki JV3 Solvent Printer Series**

**Philadelphia, PA, March 4, 2003** – Scanvec Amiable has announced the release of both the supporting Driver and ICC Profiles for their premier RIP Software Solutions, for use with the Mimaki JV3 Solvent Series Inkjet Printers. The Driver can run the JV3 Solvent Series Inkjet Printers through TCP/IP, Firewire or LPT. The ICC Profiles for the JV3 Solvent Series Printers can be used with the most popular medias. The Driver and the ICC Profiles can be used with either the Scanvec Amiable FlexiFAMILY or the Scanvec Amiable PhotoPRINT Family.

David Daffner, President of Scanvec Amiable said, "having developed both the supporting Drivers and such a robust array of ICC Profiles for this extremely popular large format printer in such a timely fashion reinforces the fact that Scanvec Amiable is truly the Recognized Global Leader in Providing Software Solutions for the Professional Graphics Manufacturing Industries."

The ICC Profiles will be available via a download from the Scanvec Amiable website, [www.ScanvecAmiable.com](http://www.ScanvecAmiable.com).
